### DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-5, 7, 8, 12-15, 17-26 and 49-51 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Skillicorn, U. S. Patent 4,147,854.

Claims are rejected for reasons of record.

Reference to Skillicorn specifically teaches the required compositions with the hydrocarbon compound in column 8, the component b in column 7 and the liquid polymers throughout the disclosure. Choice of polymer from the monomers disclosed is either taught or rendered prima facie obvious from the disclosure found in column 3. Applicants have argued that the newly amended claims require a teaching for use in asphalt compositions. The requirement of "dissolvable or digestible" is merely a capability and is reasonably presumed present in the compositions taught by Skillicorn. The compositions taught by the reference as useful in coatings and sealing applications do not indicate a different set of characteristics than would be presumed necessary for compatibility with asphalt. This property is reasonably presumed present, therefore,

absent evidence to the contrary, In re Fitzgerald Et Al, 205 USPQ 594. Claims remain, therefore, properly rejected as anticipated or prima facie obvious from the teaching of reference to Skillicorn.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
